Maintenance

The fibre blend used has exceptional resistance to soiling and facilitates the use of recognised cleaning solutions.

This carpet must be sold and installed in accordance with BS5325. Chair mats are recommended for use under castor chairs.

All specifications are subject to normal commercial tolerances and subject to change where they improve the product's performance.

Pile reversal / shading

Carpets may be subject to permanent pile reversal, also known as "shading" or "water-marking".

The pile in certain areas may become distorted, giving the appearance of areas of light and shade. No specific cause of this has been identified and it is no manufacturing fault.

We reserve the right to make technical alterations and improvements to this product. Colour variations from the original sample can occur.
